Your AGENT NOTES Are Important – Tell Us Your Client’s Needs!

Helping us understand your clients’ Medication and Durable Medical Equipment (DME) needs is an important part of this program.

We need you to communicate their needs to us in the AGENT NOTES section located at the very end of the online enrollment application.

FOR EXAMPLE, YOUR CLIENT MIGHT:

- **Take Humira, a Tier 5 specialty drug**
- **Take Pradaxa, a popular blood thinner that is not on the Senior Care Plus Formulary**
- **Have a good chance of falling into the prescription drug donut hole**
- **Require DME like a wheelchair or supplemental oxygen**

FOR ANY OF THE ABOVE, we need you to note this in the AGENT NOTES section of the enrollment application!

IMPORTANT: If your client does not need a Medication Review or DME – it is just as important to note that. *(see the screenshot samples below)*
