HEALTH PLAN 
Brought to you by Hometown Health

Hometown Health Insurance Plans

Hometown Health, the insurance division of Renown Health, offers money-saving health plans with HMO, EPO, and PPO product offerings with access to the region's most comprehensive provider network, including everything Renown Health has to offer.

HERE ARE FIVE REASONS WHY LOCAL EMPLOYERS SHOULD OFFER HOMETOWN HEALTH INSURANCE COVERAGE TO THEIR EMPLOYEES.

REASON 1

ACCESS TO ALL RENOWN HEALTH HAS TO OFFER

What truly sets Hometown Health Plans apart is access to Renown Health and all it has to offer, including the new 121,000 square foot Specialty Care Center addition to the Renown South Meadows Medical Center set to open in early 2025.

Renown Health's northern Nevada footprint is unsurpassed and our integrated healthcare network services include:

- The only Level II Trauma Center between Sacramento and Salt Lake City
- The only Children's Hospital and Children's ER in northern Nevada
- The only CARF-accredited Rehabilitation Hospital in northern Nevada
- The only ACC-accredited hospital in Nevada for heart failure
- A Gold-Level accredited Institute for Cancer
- The only Comprehensive Stroke Center

Additionally, Renown Health has 19 Primary Care, 10 Urgent Care, 28 Specialty Care and 27 Diagnostic locations servicing Reno, Sparks, Fallon, Fernley, and Carson City.

Hometown Health is pleased to partner with Renown Health as we work together to fulfill the Renown Health Mission to *"make a genuine difference in the health and wellbeing of the people and communities we serve."*

REASON 2

THE MOST EXTENSIVE PROVIDER NETWORK IN NORTHERN NEVADA

You are not going to find a more extensive healthcare provider network for your employees than the Hometown Health statewide provider network. The network boasts more than 9,000 Nevada-based providers, including the following counts in northern Nevada alone:

- 640+ primary care providers
- 1,560+ specialty care providers
- 1,150+ ancillary providers like labs, imaging, etc.

Non-emergency, 24/7 telehealth is offered via Teladoc, including mental health and dermatology services. In-home urgent care visits are offered by Doctoroo.

Hometown Health also partners with Cigna to make available their National PPO Network to members who work or travel outside of Nevada.

REASON 3

AFFORDABLE PLAN OPTIONS DESIGNED WITH LOCAL EMPLOYERS IN MIND

Hometown Health understands that not all employers have the same needs or the same means when it comes to offering healthcare coverage to their employees. That is why Hometown Health provides local employers a wide range of network and plan offerings from which to choose.

We offer HMO, EPO and PPO network options in Gold, Silver and Bronze tiers, including a Bronze HSA plan that allows members to save for medical expenses with a Health Savings Account (HSA) and take advantage of federal tax benefits.

The Hometown Health EPO network is a statewide Exclusive Provider Organization that is proving to be extremely popular with cost-conscious employers who have employees based throughout the state.

No matter which Hometown Health Plan you select, you can rest assured you are offering your employees ACA compliant healthcare coverage designed with your business in mind.

REASON 4

NEIGHBORS HELPING NEIGHBORS: LOCAL COMMUNITY FOCUS, LOCAL CUSTOMER SERVICE

Both Renown Health and Hometown Health are Reno-based not-for-profit organizations. That community focus and commitment means every dollar brought in is reinvested right back into our local communities and stays right here in northern Nevada.

In fact, in 2023 Renown Health allocated over \$1.03M toward Community Benefit Initiatives and collaborated with 85 local non-profit organizations through our community health grant or community sponsorship programs.

Hometown Health's customer service team is based right here in Reno providing the face-to-face, personal service that only a local customer care team can. It's neighbors helping neighbors – that's our definition of community!

REASON 5

NCQA MEMBER FIRST QUALITY HEALTHCARE

As part of Hometown Health's member first quality healthcare philosophy, we are actively pursuing accreditation from the National Committee for Quality Assurance (NCQA). In June 2024, we received our interim NCQA accreditation and expect to earn our full accreditation in the Spring of 2025.

For Hometown Health members, NCQA accreditation provides assurance that their health plan meets nationally recognized benchmarks for quality and performance. Accredited plans are held to high standards of care and are required to continually monitor and improve their operations to maintain accreditation status.

To learn more about health plan accreditation, visit [NCQA.org](https://www.ncqa.org).

DEAR EMPLOYERS,

CHOOSING HOMETOWN HEALTH FOR YOUR EMPLOYER GROUP HEALTH INSURANCE IS GOOD BUSINESS. HERE'S WHY:

At Hometown Health, we believe in the importance of local, not-for-profit healthcare coverage in Nevada. We are proud to partner with Renown Health to offer Hometown Health insurance products to employers and their employees.

Our dedicated team, along with our provider partners, is committed to delivering high-quality, hassle-free healthcare. We've invested significantly in our systems, people, and processes, and these investments are yielding impressive results. This is reflected in our member and provider satisfaction. We would love the opportunity to show you the Hometown difference.

**My team and I are here to serve you and answer any questions you may have.
Contact your account manager or myself anytime – we look forward to assisting you.**

Sincerely, your partner in health,
