What it means to be a member of an **HMO Plan**

WELCOME TO HOMETOWN HEALTH! YOUR INSURANCE PLAN IS WHAT'S KNOWN AS A HEALTH MAINTENANCE ORGANIZATION (HMO), WHICH MEANS YOU HAVE ACCESS TO ALL THE INCREDIBLE RENOWN HEALTH PROVIDERS AND LOCATIONS.

As a Hometown Health HMO plan member, you will need to establish care with a Renown Primary Care Provider. This provider will coordinate your medical care including checkups, immunizations, referrals to specialists, lab work, x-ray & imaging and hospital admissions. As part of your plan, a referral from your primary care provider may be required.

Your Hometown Health HMO plan will cover healthcare services that are in-network at a Renown Health location and in-network specialists. If Renown does not have a service available, Hometown Health will review the referral for an out-of-network authorization. You will still have access to urgent and emergent care outside of your specialized Renown network, should you need it while traveling outside of Nevada.

NEXT STEPS FOR YOUR HEALTH AND WELLNESS JOURNEY

As a Hometown Health HMO member, your Renown Primary Care Provider will be an important partner in your health and well-being. If you have not already established with a healthcare provider, please call **775-982-5000**, and a representative will help you schedule your first appointment. You may also access Hometown Health's Find A Doctor Provider Directory and view Primary Care Providers (PCP). This portal will allow you to search for your current PCP, to see if they are contracted with your new Hometown Health benefit plan or find a new plan-contracted PCP if necessary. Note, the name of your Provider Network is located on your ID card.

Your Member ID card will be available in MyChart starting the first day your benefits are active. Hometown Health will also send cards to you in the mail, which may take up to two weeks to arrive after that active date.

MANAGE YOUR HEALTH WITH MYCHART

After your first appointment, ongoing communication and appointment scheduling will be available in MyChart, Renown's secure patient portal. This portal will be a helpful tool in managing your healthcare information.
