AMENDMENT

To the Hometown Health Evidence of Coverage

Individual and Family, Small Groups,
Association Health Plans,
And Large Groups

HMO, EPO and PPO Plans

This is an amendment to an existing insurance contract that changes the terms or scope of the original policy.

Hometown Health is amending the language in section – Plan Approved Medical Necessity Travel Benefit, effective January 1, 2025. This amendment will make effective the following coverage:

- 4. Covered person has agreed to be in Case Management and followed by Case Manager while in tertiary care <u>if receiving ongoing care at the tertiary care facility.</u>
- 5. Prior to travel for tertiary care, the member must advise <u>Hometown Health case management (775-982-2725)</u> of travel to receive the benefit.

Accordingly, the amendment changes the terms of the original policy in the following manner:

- 1. Hometown Health is providing more detailed information regarding coverage for the medical necessity travel benefit and who to contact at Hometown Health before the member plans to travel before tertiary care.
- 2. This will impact Individual and Family, Small, Association, and Large Group Policies with HMO, EPO and PPO products.
- 3. There is no incremental cost, charges, or rebates to groups already enrolled in existing plans.

This amendment remains in effect until future Explanation of Benefits documents are filed and approved by the Nevada Division of Insurance.
